

Pull out the stops...

Help us raise our last £10,000 by sponsoring a pipe from our organ, which is currently being restored to its former glory.

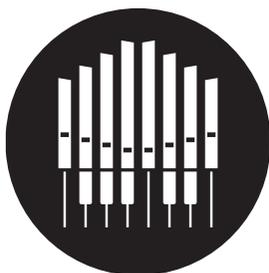

The organ, at St Mellitus Church in Tollington Park, is of unique historical and cultural value, as an instrument which was built to commemorate local men who went to fight in the First World War.

In recognition of this, it has received a generous grant from the National Lottery Heritage Fund, but we need further funds to ensure the legacy of this 'king of instruments', to remember the men who went to war and bring the organ back to life, giving the local community and wider public access to one of London's finest organs.

The money you give will also support an exciting programme of historical, educational, musical and community activities, offering opportunities for local people.

Please help us get ready to pull out the stops for its centenary in December 2020.

● How do I sponsor a pipe? (see over >>>)
